

Danuwas Lambasara

Vice President

Carbon Capture & Storage Department

PTT Exploration and Production Public Company Limited
(PTTEP)

Danuwas Lambasara is Vice President, Carbon Capture & Storage (CCS) Department of PTT Exploration and Production PCL (PTTEP). His current role is to drive initiation and execution of Carbon Capture & Storage (CCS) projects in PTTEP for both oil & gas asset decarbonisation and business diversification pillars.

Danuwas started his career in oil and gas industry with PTTEP in 2012. He has progressed his career through various areas including HSE, Asset & Development Planning, Facility Engineering, Business Development, Bongkot & Erawan Asset transition. He was appointed in 2022 as VP of Field Development Planning before rotated to his current role.
